

HIGH-ALTITUDE SPOUTING—Harold Hartley, a workman for the Pickaway County Maintenance Department, rides in the bucket of a Beach Sign Co. ladder truck to install about 40 feet of spouting to the front wall of the County Courthouse Friday morning. Working with him is John Rittenhouse, who is standing on the balcony which was collecting rain water before the spouting was installed.

Rhodes Attacks Labor Opposition To Bond Issues

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes has labeled as "shameful" a decision by the Ohio AFL-CIO to oppose three of his four economic proposals on the state's Nov. 4 election ballot.

He said Friday, in a sharply worded statement, that the action was "blatantly partisan," would encourage industry to leave the state, and could only lead "to more unemployment, crime, and welfare."

Rhodes released his statement a short time after the executive committee of the state labor organization voted to support only the proposal constitutional amendment (Ballot Issue No. 4) that would permit the state to subsidize housing for low and moderate income families.

The governor said the decision betrayed rank-and-file union members but predicted they will "reject this negative leadership" and support his program anyway. Rhodes said he had never had the cooperation of AFL-CIO leaders "on programs to build Ohio."

Milan Marsh, president of the million member labor organization, said the vote to oppose the three issues was 28-1. He declined to name the lone dissenter, but did say he is a member of the building trades.

In his statement, the governor

ROUNDTOWN

ELEVEN separate traffic accidents, none serious, were investigated by Circleville Police and Pickaway County Sheriff's Deputies Friday night.

Police handled six of the crashes, and deputies investigated the remainder. Only two people were hurt in the crashes.

Taft Probes Investments

WASHINGTON (AP) — Sen. Robert Taft Jr., R-Ohio, and a group of concerned business, labor and municipal officials will meet with Secretary of Commerce Rogers Morton Monday to discuss the economic impact of foreign investments on American corporations.

Taft said Friday he arranged the meeting as a result of the current efforts of Societe Imetal, a French holding company, to take over the Copperweld Corp., which has manufacturing facilities in Warren and Shelby, Ohio.

Taft said he expected to discuss with Morton the preliminary findings of a joint study being conducted by the Commerce and Treasury departments into the extent of foreign investments in U.S. concerns.

He said the meeting also is likely to cover possible legislative initiatives that would guard against foreign investments having a negative economic impact on American companies, their employees and communities.

Tripled Natural Gas Price Predicted

WASHINGTON (AP) — A Getty Oil Co. report, intended by the company to be a confidential internal document, forecasts a more than 300 per cent increase in the price of new natural gas if price controls are lifted.

The document also predicts a steady rise in the price of new natural gas sold interstate even if controls are maintained. The company said that with controls, natural gas will rise from the regulated price of 52 cents per 1,000 cubic feet (mcf) at the wellhead to \$1.21 by 1981.

Getty said that if deregulated, natural gas prices immediately would reach \$2.25 at the wellhead.

The confidential report by Getty predicts an unregulated price considerably higher than forecast by a trade industry organization and substantially above what other major natural gas producers have admitted publicly.

Getty's forecast could mean a 10.7 per cent increase in the average gas bill of an American homeowner, according to American Gas Association figures.

Indict Man In Hit-Run Shootings

DAYTON, Ohio (AP) — Neal Bradley Long, 48, the man accused of murdering desegregation planner Dr. Charles A. Glatt, was indicted by the Montgomery County grand jury Friday in seven cases of hit-and-run shotgun attacks.

Long was indicted for assault with a dangerous weapon, shooting to kill, first-degree murder, two counts of aggravated murder and two counts of attempt to commit aggravated murder.

Two of the murders occurred last July and one was in September 1973. Prosecutor Lee C. Falke said some of the indictments are on charges under the old Ohio criminal code because of the dates of the incidents.

The victims in July were Larry K. Romine, 27, and Robert E. Board, 21, and the one in September was Edward Tillman, 39.

Long is being held in a federal facility at Springfield, Mo., for psychiatric evaluation to determine his competency to stand trial and his mental state at the time of Glatt's murder.

Glatt, an Ohio State University professor who was drawing a desegregation plan for the Dayton school system, was shot to death Sept. 19 as he sat in his office in the federal building.

Long became a prime suspect in the hit-and-run attacks on Dayton blacks in recent years when he reportedly began talking about them with FBI agents during questioning following the Glatt slaying.

Weather

Partly cloudy and cool today, high in the mid 60s, with only a 10 per cent chance of rain. Tonight should be clear and cool, low in the mid 40s, and the skies should be mostly sunny Sunday with a high temperature near 70. No chance of rain tonight and tomorrow. High Friday was 62 and the low reading was 49.

Armstrong To Retire As Divisional Chief

COLUMBUS, Ohio (AP) — Harry L. Armstrong of Logan will retire as chief of the Department of Natural Resources' oil and gas division Oct. 15 after 26 years as a public servant.

Armstrong, who turns 60 next month, has been chief of the division since March. He served as a state senator from 1967-74, a state representative from 1962-66, and cosponsored legislation creating the soil and gas division a decade ago.

Earlier this year AGA testimony at a Senate hearing indicated decontrol could mean an immediate rise to \$1.50 per mcf at the wellhead and a 6 per cent increase in a homeowner's bill.

The Getty figures were contained in a publication called "Industry Outlook Series," which is printed early each year on a confidential basis for Getty executives only.

Ford To Sign Extended Controls

WASHINGTON (AP) — President Ford says he will sign a bill reinstating oil price controls until Nov. 15, but he issued a warning to Congress that this extension will be the last.

The House and Senate gave final approval Friday to an agreement with Ford for re-establishing controls while efforts continue to reach a compromise on a national energy policy.

Controls on most U.S.-produced oil expired Sept. 1. The new bill reinstates the controls retroactive to that date. When controls finally expire, petroleum product prices will increase.

In other energy developments on Friday:

—The 13-nation Organization of Petroleum Exporting Countries (OPEC), meeting in Vienna, was reported near agreement today on a compromise proposal to raise oil prices 10 per cent on Oct. 1.

—A Getty Oil Co. report was made public showing the firm privately predicts that natural gas prices will increase more than 300 per cent if price controls are removed.

—The Interior Department said it will no longer allow major oil companies to pool their resources to bid for offshore petroleum leases.

—Standard Oil Co. of Indiana (Amoco) and Standard Oil Co. of California (Chevron) filed suit challenging the federal government's right to collect oil import fees for July and August.

The bill temporarily reinstating oil price controls breezed through the House on a 342-16 vote and through the Senate by a 75-5 margin. A short time later, Ford spokesman Ron Nessen indicated the President was Prepared to sign the measure.

The administration also contends that higher prices will encourage oil companies to step up efforts to find new domestic oil sources.

Congress, however, has leaned toward phasing out controls over a longer period, and many lawmakers support a ceiling on oil prices and some price rollbacks.

Conferees of the House and Senate may begin discussions as early as next week as they attempt to iron out their differences on separate energy bills they have approved.

Hunts Found Innocent Of Charges

LUBBOCK, Tex. (AP) — Bunker Hunt says he and his brother, Herbert, felt all along they would be found innocent on federal wiretapping charges by a jury that "had all the facts."

The jury deliberated less than three hours Friday before finding the brothers innocent.

The millionaire Hunts were named in a six-count indictment in 1972 and faced a maximum penalty of 30 years in prison and a \$60,000 fine.

Both Hunts admitted ordering the wiretaps but said they acted to protect their late billionaire father H.L. Hunt's companies from inside embezzlers.

Throughout the week-long trial, Bunker, 49, and Herbert, 46, denied willfully or knowingly violating the federal wiretap statutes. They said their 80-year-old father refused to believe his sons' descriptions of the embezzlement scheme and demanded proof.

"What better motive, what better purpose, what better intent, than to help their father?" one defense lawyer said in his closing argument.

But the jurors were also told by one prosecutor: "Nowhere in the judge's charge does it say anything about ignorance of the law being a defense."

An introduction to the report says it is designed to be a forecast to be used for corporate planning and investment evaluation.

In Houston, Getty lawyer Cloy Monzingo expressed anger over release of the figures. Calling the document "highly confidential," he said it could not be released "to anybody for any purpose."

Monzingo had sent a copy to Rep. John Moss, D-Calif., chairman of a

House investigations and oversight subcommittee. Moss had requested the material as part of an investigation into the natural gas industry and subsequently inserted it into the public record of another congressional subcommittee.

The Getty report also talks about energy consumption in general, and predicts that higher prices will result in reduced production from industries that were built "on low energy costs."

Oil Price Boost Scheduled Oct. 1

VIENNA, Austria (AP) — Venezuela said the Organization of Petroleum Exporting Countries decided today to raise the price of oil 10 per cent as of Oct. 1 and that the price would be frozen until next June.

Venezuela's chief delegate, Valentin Hernandez Acosta, said the hike would put the price of oil at \$11.51 a barrel, up from the current \$10.46. This means American motorists would pay roughly a penny more for a gallon of gasoline starting Oct. 1 if the hike is passed on to them directly.

Hernandez Acosta said he was taking a lunch break before returning to discuss other issues on the agenda in an afternoon session scheduled to last for around four hours. The final communique, officially announcing the new price hike, was not expected to be announced until then.

Agreement on a price boost came after differences were reconciled between Saudi Arabia — trying to hold the increase down — and an Iranian-led faction — trying to push the hike up — the oil minister of the United Arab Emirates said.

"It's all over, gentlemen, they have reached an agreement," Mana Saeed al-Otaiba, the minister, said. He was the first to leave the session, which was apparently still continuing to draft the official communique.

Saudi Arabian oil minister Sheikh Ahmed Zaki Yamani, who had opposed a price increase of more than 5 per cent, said "we are very hopeful" agreement would be reached at

3 Men Arrested In Kidnap-Slaying

DAYTON, Ohio (AP) — Two more men were arrested Friday night and charged with aggravated murder, kidnaping and extortion in connection with the kidnap-murder of Dayton furniture executive Lester C. Eموff.

Herman Lee Moore, 46, and Willis Leroy, 44, both of Dayton, were arrested shortly after the FBI turned the case over to local authorities because the kidnaping apparently had not crossed state lines.

Albert Lee Scott Jr., 41, a former delivery man for one of Eموff's three stores, who was arrested earlier on a kidnaping charge, also was charged with aggravated murder and extortion Friday night.

Common Pleas Court Judge James L. Nolan set bond at \$500,000 for each of the three men.

Authorities said they had not ruled out the possibility that other individuals might have been involved in the kidnaping, during which Eموff's family paid a \$400,000 ransom before his body was found in a field.

Assistant Montgomery County prosecutor James Brogan said information provided by Scott led to the arrests of Moore and Leroy. He said Scott had been identified through an FBI stakeout at the location of the ransom drop.

Police said Scott, accompanied by his attorney, led authorities to Eموff's body five miles southwest of Dayton Friday morning. Eموff had been shot in the back several times, police said.

An ex-convict, Scott was paroled in 1971 after serving sentences for armed robbery and grand larceny. He worked for Eموff from February 1972 until December 1973. Scott was most recently employed in a newspaper circulation department, from April 1974 until he resigned Sept. 19 citing health reasons.

Eموff, 67, was last seen leaving one of the furniture stores he owned about

today's session of OPEC ministers.

Nigeria's Mofia Tonjo Akobo said "everything seems certain."

Delegates to the 13-member Organization of Petroleum Exporting Countries conference said nations which had backed Iran's demand for a 15 per cent increase had indicated increasing flexibility.

The compromise appeared close to Yamani's latest proposal for separate 5 per cent increases Oct. 1 and Jan. 1, followed by a price freeze for a year or more.

Saudi Arabia originally sought to extend the price freeze at \$10.46 for a 42-gallon barrel of Arabian light oil, the standard OPEC unit. Other cartel members called for price hikes of from 10 to 35 per cent.

A 10 per cent increase would result in American gasoline price hikes of about a penny a gallon. That is assuming the United States continues to import about 38 per cent of its oil and refined products; the OPEC price increase is passed on to customers uniformly on all products; and there are no other changes in oil price that might increase or decrease the effect.

A flat 10 per cent price increase would add an estimated \$15 billion to the non-Communist world's oil bill over the next 15 months.

That figure was close to the estimated \$13.8 billion in Saudi Arabia's official negotiating position Friday and was much less than the additional \$22.5 billion a 15 per cent boost would have cost.

15 minutes before closing time Tuesday night.

Three hours after the alleged abduction, Eموff's son, Robert, received a note demanding \$400,000 and a threat to dynamite the elder Eموff and his gold Cadillac if the ransom were not met.

The ransom was paid about noon on Wednesday, agents said, but the kidnaping was not made public until Thursday. There was no explanation how the Eموff family raised the money.

Thomas B. Kitchens, special agent in charge for the FBI in southern Ohio, indicated Friday that some of the ransom money had been recovered, but he declined to say how much.

Eموff's car was located late Thursday in a suburb. A resident nearby said he had seen men leave the car about midnight Tuesday, about the time of the ransom demand. FBI agents said they seized a car owned by Scott, who was under police surveillance, a short time after Eموff's car was found.

Eugene Roberts of the county coroner's office said Eموff's body was probably left in the thick underbrush sometime Wednesday because the body was wet and it rained that night.

Marsha P. Muske Given State Post

COLUMBUS, Ohio (AP) — Marsha P. Muske was appointed Friday to direct the consumer complaint function within the consumer frauds and crimes section of the state attorney general's office.

Mrs. Muske, 24, a transfer from the Department of Commerce, has worked with the state consumer protection division since 1972.

She served as a hotline ombudsman and then as an investigator and complaint-records coordinator.

Stored Grain Insects Can Riddle Market Check

By GEORGE HAMRICK
County Extension Agent
Agriculture

So what's 2 cents per bushel? It's \$20 out of every 1,000 bushels. And that's about the minimum. The loss to the grain producer could go much higher.

To control stored grain insects, Extension Entomologist William F. Lyon suggests you clean and treat grain bins now before harvest begins. He says insects live from season to season around farm buildings in accumulations of grain, feed, straw, hay and litter. You should never place newly harvested grain on top of old grain, he says. Remove old grain by feeding or marketing and clean and treat bins before new grain is stored.

Sweep down walls, ceilings, sills, ledges and floors. Remove accumulations of spilled grains from outside and under the bin. Avoid storing grains near feed rooms, stables, mangers and animal feeders,

if possible. These harbor insects that can easily spread to your stored grain bins.

Once bins have been cleaned, spray with a surface spray to all surfaces inside the bin and, if possible, outside the bin. Thoroughly spray seams, corners, and cracks where particles of grain accumulate. Garden or power sprayers are suitable. Spray at least two weeks before storing new grain.

To treat 1,000 square feet of surface, mix one of the following pesticide formulations at given rate in 2-1/2 gallons of water: Methoxychlor 50 per cent WP, 1 pound, or methoxychlor 25 per cent EC, 1 quart; pyrethrins 6 per cent EC combined with piperonyl butoxide 60 per cent, 1-1-3rd pints, or malathion-premium grade (Cthion) 57 per cent EL, 1/2 pint.

After bin or storage area has been thoroughly cleaned and treated, you can go a step further to protect against

infestations. Apply an insecticide to the grain as it goes into the storage area.

To make enough spray for 1,000 bushels of grain, mix one of the following pesticide formulations in 2 to 5 gallons of water and apply to grain as it enters bin: For sprays, use malathion-premium grade (Cythion) 57 per cent EL, 1 pint, or pyrethrins 6 per cent plus piperonyl butoxide 60 per cent, 1 quart; Dusts, 1 per cent premium grade malathion impregnated on wheat flour, 75 pounds. Dusts are less effective, so use sprays when possible.

People Helping People

By STEVEN BARTELS
County Extension Agent
4-H

The 4-H Advisory Committee has decided to make some changes in the beef program as a result of a survey conducted by the Extension Office and feedback from members and advisors.

This next year at the fair, steers will be shown by weight classes and not by breeds. This will provide the member with a chance for a better educational experience. The steer will be judged against all other steers of approximately the same weight. The members can see which animals have the best finish at a given weight. This will, hopefully, lead to helping him when he becomes an adult to choose the type of animal that will produce the most red meat for the least cost.

Another addition to the beef program will be the commercial steer class. Members may, on a voluntary basis, get a steer from Producers. The steers will be of like quality weight and breed. The member will get his steer assigned by drawing numbers for it. This will allow the member to get a high quality animal at a relatively low cost without having to go all over looking for a steer.

These steers will be shown in a completely different show with only the winners of the weight classes from this show competing against the winners of the weight classes from the other show for over-all grand champion.

If you were not in the beef program last year and are 12 or in the sixth grade and would like Producers to secure a calf for you, please contact the Extension Office, at 474-7534.

ORDINANCE 90-75
AN ORDINANCE ESTABLISHING
PROCEDURE FOR EMERGENCY USE OF
BULK LIQUIDIFIED PETROLEUM GASES
BY PUBLIC SAFETY AGENCIES
BE IT ORDAINED BY THE COUNCIL OF
THE CITY OF CINCINNATI, STATE OF
OHIO:

SECTION 1: Public safety agencies of city or county government, public and private health care facilities may install, store and utilize for emergency use only, bulk liquidified petroleum gases as hereinafter established.

SECTION 2: Such installation, storage and use shall be in conformance with the Ordinance of the City of Cincinnati and the Ordinance of the State of Ohio except such agencies may be exempted from such provisions as would prevent their use of such fuel.

SECTION 3: Any such agency requiring a specific exemption shall make written application to the Director of Public Safety with copies to the Chief of the Division of Fire, Cincinnati, Ohio, setting forth the following:

a. Specific exemption sought.

b. Justification of need, and

c. additional safety precautions to be implemented in view of the specific exemption sought.

SECTION 4: The Director of Public Safety having considered the safety of the general public, the need for such exemption, and written objections of the Fire Chief, may by written authorization allow such exemption, subject to reconsideration at any time and/or from time to time.

SECTION 5: This Ordinance shall take effect and be in force from and after the earliest period allowed by law.

PASSED: September 16, 1975

Reduce Garden Diseases With Fall Clean Up

By GEORGE HAMRICK
County Extension Agent
Agriculture

Don't let diseases hibernate in your garden this winter. Leaves or other plant parts infected with diseases fall to the ground and provide excellent conditions for overwintering fungi and pathogens. Then in the spring, these spores either splash or are blown onto new plants, bringing on a new infestation of diseases.

Since prevention is the best cure for diseases, cleaning up and destroying debris from the garden is your best control method, says Charles Powell, Extension Plant Pathologist at The Ohio State University.

Several common plant diseases can be prevented to some degree by fall clean up. Most foliar leaf spots such as early blight on tomatoes and potatoes, black spot on roses, scab on apples and crabapples and septaria leafspots on celery and mums are greatly reduced with fall clean up practices, he says.

Brown rot on peaches and plums can be reduced by gathering mummified or decaying fruits from the ground and tree and destroying them.

Canker diseases on trees can be partially controlled by pruning out cankered branches. However, do not prune until trees have gone into the dormant stage in winter.

Do not expect fall clean up to completely control diseases. This is just a part of an integrated control program for plant diseases, Powell says. In addition to fall clean up, use resistant varieties, good culture practices and proper use of fungicides. All of these must be combined for effective plant disease prevention.

U.S. Trade In Surplus

WASHINGTON (AP) — Bigger exports of farm products swelled the size of the nation's trade surplus during August, resulting in the seventh straight monthly surplus, the government reported today.

The Commerce Department said U.S. exports exceeded imports by \$1.035 billion during August, representing an expansion from July's \$977 million surplus.

The nation's trade balance for the year so far now shows a \$7.4 billion surplus. Government officials once had expected the figure would be \$2 billion for the year. The surplus continued to swell in August despite projections of a diminishing surplus over the remainder of the year.

Commerce said the value of exports rose 1.3 per cent during August while imports climbed more slowly — by seven-tenths of 1 per cent. Both growth rates represented a slowing from July, when exports had advanced 2.2 per cent and imports shot up 13.7 per cent, primarily due to a surge in oil imports.

The Commerce figures showed that the volume of oil imports rose 5.1 per cent to 189 million barrels. Specialists have pegged the rise in oil imports to stockpiling by domestic users in anticipation of a price increase expected from the Organization of Petroleum Exporting Countries during their current meeting in Vienna.

Surveys Complete For Much Ohio Land

COLUMBUS, Ohio (AP) — Soil surveys prepared by the National Cooperative Soil Survey are complete for more than 45 per cent of Ohio land, said Robert E. Quilliam, state conservationist for the U. S. Soil Conservation Service in Ohio.

He said surveys are already published or are about to be published for 40 counties.

Plan Next Year's Weed Control Program

By GEORGE HAMRICK
County Extension Agent,
Agriculture

Harvest time is a good time to evaluate results of this year's battle against weeds, says Ed Stroube, Extension Agronomist at The Ohio State University.

"In our field crops such as corn, soybeans, sugar beets and even new wheat seedlings, there is nothing that can be done for the present crop," Stroube explains. "However, we do need to evaluate the results of this year in order to help next year's crops, and to see what weeds have been problems. By this a farmer can accurately plan next year's weed control program."

As 1975 started, there was concern about the herbicide supply. Some shortages of certain materials did develop, but in the end, there was almost enough of all materials except two or three newer ones of which production was still limited, the agronomist notes. "I feel the degree of weed control was fairly good, but we still have too many weeds in crops in Ohio."

Stroube expects supplies of all established herbicide materials to be adequate for 1976. He says there will likely be shortages of some of the new materials such as Basagran, Lexone and Sencor; however, he doesn't think this is all bad. With new materials, he recommends using them on limited acreages. This way the farmer can find out what the herbicide will do on his farm and the rate and method that works best.

Looking back on 1975, Stroube says, "We had more injury to soybeans than ever before. This was true in other states besides Ohio — Indiana, Illinois, Iowa. We could not pinpoint the reason for the injury except it was more of a problem on early planted soybeans that did not have any rainfall for 10 days to 2 weeks after planting. However, in most cases, the soybeans grew out of the injury and some injured fields will probably yield about the state average yield."

A few precautions may help reduce the chance for injury from herbicides on soybeans in 1976, says Stroube. First, be sure the material is labeled for the particular crop. Second, determine the rate of material needed per acre, depending on the crop and soil type, and — very important — make sure that the rate is applied uniformly at the correct time (before planting, after planting, post emergence, etc.). In many cases, it

was evident that there was poor mixing or agitation of the herbicide in the spray tank. When this occurs, injury and erratic control is guaranteed.

"There is no simple way to decide which pesticides to use to control insects, weeds and other pests. Each farmer has a different situation. Different crops, different rotations, different soils or combinations of soils, livestock enterprises, different tillage systems demand different answers," Stroube says.

First, use your experience. If you have a good system, don't change it radically.

Second, read literature on the subject; farm publications, university Extension Service publications.

Third, attend meetings conducted by Extension and industry.

Then, of course, each person has to weigh all this information and form his own program.

Sealed proposals will be received at the office of the Madison Township Trustees on Thursday Oct. 9th, 8 p.m. and will then and there be publicly opened and read for furnishing all material, labor, and equipment for resurfacing with asphaltic concrete and surface course the Harrisburg-Fairfield Road No. 20 Approx. 1.50 mi.

Materials Required:
SPECIAL Asphaltic Concrete Sand Surface, 450 Tons

All materials furnished and applied shall comply with the State of Ohio, Department of Highways, Construction and Material Specifications in force on date of sale or as approved by the Township Trustees.

Cash or certified checks on some solvent bank in the amount of 5 per cent of the bid shall accompany said bid.

This notice is in accordance with Section 3373 Ohio General Code, and Section 5575.02 Revised Code of Ohio.

The Township Trustees reserve the right to reject any or all bids.

By Order of the Board of Madison Township Trustees:

Budweiser

First, we'll help you keep them alive...

but mere survival isn't enough.

Purina Receiving Chow goes further... to actually turn those first stress-filled weeks in the feedlot into a time of gain and profit.

They come down the ramp tired, confused and stressed... and you have a load of trouble on your hands. That's why calves and yearlings need the extra help provided by Purina Receiving Chow, the most widely used complete feed made exclusively for new arrivals in the feedlot. When fed as recommended in the Purina cattle feeding program, Receiving Chow goes to work immediately to reduce mortality. What's more, it fights off morbidity—to give calves a chance to put on profitable gains right from the start.

New proof of performance from Sale Barn Tests

During recent months, Purina has conducted 62 Sale Barn Tests in major beef states to further demonstrate the value of Receiving Chow: 1, 243 calves were used in these extensive experiments. Test calves were selected at random from sale consignments, then held and fed right at the auction where they were purchased. Three weeks later, the calves were resold through the same ring and their performance publicly announced.

The results should be of interest to every cattleman: Purina Sale Barn Test calves showed an average gain of over 40 pounds—in three critical weeks when gain of any kind is mighty hard to come by. Their feed efficiency, too, was impressive; costs were held to a level that permitted a substantial return on the feed investment. Mortality? A remarkably low .56 of one percent!

If calves thrown together in the sale barn can do this well, what could Receiving Chow do when used with your good management? Put this special combination of nutrition and medication to the test in your own feedlot. You'll see how much better feeder calves can do... when you feed away that early stress with Purina Receiving Chow.

Dear Abby:

By Abigail Van Buren

Bible Terms Cleared Up

DEAR ABBY: Isn't it true that the original sin was sexual intercourse? And doesn't it say in the Bible that Jesus was conceived "immaculately," meaning that he was conceived without sexual intercourse?

H.J. INN.C.

DEAR H.J.: The original sin was eating the forbidden fruit in the Garden of Eden.

The terms, "Virgin Birth" and "Immaculate Conception" are commonly confused. The Virgin Birth refers to the miraculous conception of Jesus.

The Immaculate Conception applies to MARY, the mother of Jesus, because she was conceived without the original sin on her soul. It is NOT the same as the Virgin Birth.

DEAR ABBY: Will you please remind your readers that when they, or their children answer the telephone, to say only, "Hello"?

Some children are instructed to answer with, "Smith's residence, Mary speaking." Or they have a housekeeper, she is told to answer with, "Smith's residence." Some even answer with their telephone number.

Senior Center Activities

430 LANCASTER PIKE,
474-4916

Monday: 9 a.m. to 4 p.m. Miscellaneous activities. Noon: Sack lunch, beverages furnished 1:30 p.m. Ceramics class with Bev Conrad at her studio at the corner of Franklin and Mound.

Tuesday: 9 a.m. to 4 p.m. Make items for sale at Pumpkin Show. Come and help. Noon: Sack lunch, beverages provided.

Wednesday: 9 a.m. until noon: Miscellaneous activities. Noon: Sack lunch, beverages provided. 1:30 p.m. Regular weekly get together with Vets at the American Legion Hall, south of town on Route 23. Anyone welcome to come and play cards and bingo with the Vets.

Thursday: 9 a.m. until 4 p.m. Miscellaneous crafts. Come and help make sale items for Pumpkin Show. Noon: Sack lunch, beverages provided.

Friday: 9 a.m. Art class. Noon: Eat at restaurant. If you want to go along, be at the Center by 11:30 a.m. 1:30 p.m. Bowling at Circle D Lanes. 1:30 p.m. Visit at Pickaway Manor.

Note: Next visit of Social Security will be Thursday, October 9 from 9-11 a.m.

Next bus trip, October 30, Fall foliage trip, lunch at lodge at Old Man's Cave. Reservations open October 6.

Need some more volunteers to help at the Hospitality Center at Pumpkin Show, and also men to meet the buses. Please call the Center if you are willing to help for several hours, one or more days.

Without realizing it, they have given too much information to a stranger who could use it for potentially dangerous purposes.

When you answer the telephone, and the party on the other end asks, "What number is this?" DO NOT disclose your number. Instead ask, "What number did you call, please?"

It is best when answering a telephone to simply say, "Hello," and if the caller does not identify himself immediately hang up.

By crosschecking numbers, addresses and the names of children, criminals can gain valuable access to the family's comings and goings, with possible harm to their children while they are away from home.

Never tell a stranger that a member of the family is "out of town," away from the house of when he or she will return.

MRS. H.E.I.

DEAR MRS. I.: Thank you for some excellent suggestions.

DEAR ABBY: This may sound silly to you, but my problem is my name. My mother can't seem to remember it. My name is Elaine and I am 13-years-old. I have two older sisters, Judy who is 16 and lives at home, and Shelly, who is 20 and away at college.

First my mother calls me "Shelly," then she calls me "Judy," and finally she gets around to calling me by my right name. This makes me feel like nothing.

It really bugs me.

ELAINE

DEAR ELAINE: If it's any comfort to you, you are not alone. Mothers get into the habit of calling off the names of their children (usually starting with the eldest) before they hit the right one. Don't feel slighted. It's not intentional.

CONFIDENTIAL TO THOSE WHO INQUIRED: A reader signed, "Why Not Take All Of Me?" wanted to know if there was some way he could leave all usable parts of his body after death-not only his eyes and kidneys.

Yes. Write to The Living Bank, Box 6725, Houston, Texas 77005, or the Nat'l Kidney Foundation: 116 East 27 St. N.Y., N.Y. 10016.

They will put you in touch with the nearest organ bank in your community. Also, please be patient. When this hits print, they'll probably get thousands of requests.

NOTICE

The Ashville Bank, 18 North Long Street, Ashville, Ohio, offers for sale by sealed bid, in even shares only, Seven Hundred Ninety (790) shares of common stock in said bank for the sum of \$110.00 per share or the highest price obtainable therefor.

Terms of sale are that no single person, firm or corporation may purchase more than Twenty per cent (20 per cent) of the number of shares hereby being offered for sale regardless whether the bids submitted therefor is higher than the bid accepted, with the Board of Directors of The Ashville Bank reserving the right to reject any and all bids.

Purchase of the above shares to be paid for by certified check or other satisfactory form of payment which must accompany stock bid on or before October 15, 1975, with all checks of unsuccessful bidders to be promptly returned and bid opening for stock to be held by public subscription will be open to public.

LEGAL NOTICE

Public notice is hereby given that The Ohio Bell Telephone Company has filed with The Public Utilities Commission of Ohio an Application stating that the Company is entitled, because of the reasons set forth in said Application, to reasonable and equitable increases and adjustments in its rates and charges for exchange telephone service, intrastate message toll telephone service, intrastate mobile telephone service, intrastate private line services and intrastate wide area telecommunications service, and to change the regulations and practices affecting the same, and to revise its Exchange Rate Tariff P.U.C.O. No. 3, its General Exchange Tariff P.U.C.O. No. 4, its Message Toll Telephone Service Tariff P.U.C.O. No. 7, its Mobile Telephone Service Tariff P.U.C.O. No. 2, its Private Line Service Tariff P.U.C.O. No. 2, and its Wide Area Telecommunications Service Tariff P.U.C.O. No. 1, to effect such increases, adjustments and changes, all as more fully set forth in the Application on file with the Commission and in the exhibits attached thereto and made a part thereof.

The proposed revisions will effect increases and adjustments in rates and charges and changes in the regulations and practices affecting the same throughout the territory in which the Company operates.

The prayer of the Application requests the Commission to do the following:

(a) Approve the proposed rates and charges and changes applied for herein;

(b) Approve the filing of said proposed schedule sheets contained in Exhibit "B" hereto, modified to reflect such revisions thereof as may become effective pursuant to orders of your Commission, during the interim between the filing of this Application and the date upon which said proposed schedule sheets become effective;

(c) Establish an effective date for said proposed schedule sheets; and

(d) Grant such other and further relief as Applicant is reasonably entitled to in the premises.

A copy of the Application, including a copy of the present and proposed schedule sheets, a statement showing the amount of proposed increase or decrease in each charged rate or charge which is not affected by changes in regulations and practices, and a statement describing the proposed changes in regulations and practices affecting rates and charges, may be inspected by any interested party at the office of the Commission, 111 North High Street, Columbus, Ohio, and at any public business office of the Company.

This matter is scheduled for public hearing beginning on Tuesday, October 21, 1975, at 9:30 A.M., at the office of the Commission, 111 North High Street, Columbus, Ohio.

The form of this notice has been approved by The Public Utilities Commission of Ohio.

Thieves Take Heavy Hogs

Thieves took over \$1,000 worth of hogs from a Route 1, Kingston, farm Thursday or Friday, according to a report at the Pickaway County Sheriff's Department.

Frank Graves, owner of the farm, told deputies that the thieves apparently pulled into a half-mile lane leading to the pen, opened a gate, and loaded the animals.

Stolen stock included five 400-pound sows valued at \$1,000 and a registered Hampshire boar valued at \$150.

Forecast

NORTHWEST
WEST LAKE SHORE
EAST LAKE SHORE
NORTHEAST

Becoming partly cloudy tonight with a chance of scattered light frost. Lows in the low and mid 40s. Mostly sunny Sunday. Highs in the mid and upper 60s. Probability of rain 10 per cent tonight and Sunday.

WEST CENTRAL
CENTRAL
SOUTHWEST

Clear and cooler tonight. Lows in the mid and upper 40s. Mostly sunny Sunday. Highs in the upper 60s. Probability of rain near zero tonight and Sunday.

EAST CENTRAL
SOUTHEAST

Clear and cooler tonight. Lows in the mid and upper 40s. Mostly sunny Sunday. Highs in the upper 60s. Probability of rain near zero tonight and Sunday.

By THE ASSOCIATED PRESS

Cool and damp weather continued across all of Ohio Friday night and this morning. A few scattered light rain showers or drizzle fell during the night.

Amounts were very light and measured only traces. Skies were cloudy with considerable fog. Early morning temperatures lowered only into the 50s.

A northerly flow of cool air was to continue over Ohio today and keep afternoon readings mainly in the 50s and the 60s. Skies should clear during the day as a high pressure moves out of the mid Mississippi Valley and into Kentucky.

Clear to partly cloudy skies tonight will allow the mercury to drop into the 40s and some scattered light frost is very likely in the northern counties Sunday morning.

As the fair weather high pressure moves into Virginia Sunday, skies will become mostly sunny over all of Ohio and afternoon temperatures will climb well up into the 60s.

Cincy Enquirer Sold To Group

CINCINNATI, Ohio (AP)—The Cincinnati Enquirer was sold Friday for \$55 million by American Financial Corp. to Combined Communications Corp. of Phoenix, Ariz., the newspaper announced Friday night.

Terms of the agreement included payment by CCC of \$30 million in cash and \$16 million in secured notes, according to Karl Eller, CCC president.

In addition, AFC will also receive 500,000 shares of CCC common stock and warrants to purchase an additional 750,000 shares.

Tijuana, Mexico, attracts more U.S. citizens than any other foreign city in the world. In 1974 more than 30 million crossed the border into Tijuana.

A Page Of Opinion

Avoiding The Problem

Two events moving in conjunction show that the leaders of the U.S. are still avoiding the energy problem instead of solving it.

On the one hand, a compromise has been reached whereby controls on U.S. "old" oil will be reinstituted for 50 days, while the Congress and President Ford seek a permanent measure.

On the other hand, the Organization of Petroleum Exporting Countries, or OPEC, is pondering another price increase.

Whether or not the old oil is controlled or not is really immaterial. If the controls are

removed, prices will go up a few cents per gallon on petroleum products.

But if OPEC would raise prices 20 per cent, they would go up probably more than that. Anyone who thinks the 5-to-20 per cent hike being discussed is reasonable, should remember that the increase would come on top of a 400 per cent boost already dished out.

The situation is similar to being shot with a .22 caliber gun instead of a cannon. The result is the same: higher costs, mounting loss of revenue overseas and a loss of individual or national options.

However, President Ford's

program is still not palatable. Shorn of all the rhetoric, it remains a plan to raise prices so high people will not be able to afford oil products, therefore dropping consumption.

With people struggling to make ends meet, having to pay outrageous prices does not make sense.

The administration and Congress should bite the bullet and institute either an allocation plan or rationing. Neither would be welcome, but, combined with lowered prices and a reasonable consumption allowance, usage could be cut without bankrupting the nation's wage earners.

Deliver Us

ON THE LINE
By BOB CONSIDINE

NEW YORK — People ... Places

The Postal Service is pleased to announce that it has speeded up deliveries of first class mail to such a velocity that by the end of the year there will be little need for airmail stamps. The announcement from Washington coincided with our receipt of an invitation to a party given for Liza Minnelli by our friend Earl Blackwell. It took four days for the first class letter to be delivered.

We live in the same apartment house.

Arthur A. Seeligson Jr.'s Avatar, winner of the Belmont Stakes last June, was flown from California to New York for the running of the \$250,000 Marlboro Cup at the same track where he had performed so brilliantly a few months before.

He finished dead last, to the mortification of his rider, Bill Shoemaker,

the greatest jockey of the generation.

"What went wrong?" the owner asked Bill after the race.

"I guess he decided he just didn't want to run," Bill said. "Not a bead of sweat on him at the end."

"Was he breathing heavily?"

"No," Bill said. "His breathing wouldn't have blown out a match."

Seeligson sighed. "That one race cost me two million dollars in stud fees," he said.

Moral: Stay West, young man.

You can sleep better tonight. The New York Times has corrected a grievous mistake it made in a recent dispatch from London. Here's the correction, folks:

"It was erroneously reported in The New York Times on Wednesday that a bill now pending in the British Parliament would make it 'illegal' for an educational trust to discriminate on the basis of sex. Actually, the bill

would permit, but not require, trusts such as the Rhodes Scholarships to disregard all-male or related conditions now in their charters."

That should put a lot of idle gossip to rest, particularly in parsing circles.

Proudest bloke in the news business is my friend Jeffrey Blyth. His wife Myrna just delivered. Myrna delivered her first novel. It is titled "Cousin Suzanne" and is published by Mason-Charter, New York.

It's a novel novel: Fabulously rich Greek ship-owner, about as big as a watch-fob and as handsome as a frog, is the hero. He's the hero because he puts up with the peccadilloes and outrageous behavior of his young wife, Suzanne. Suzanne is nine and a half months pregnant, which is a nice round figure. She had or has a series of lovers ranging all the way from a British reporter to her plastic surgeon, who carved her kisser to make her look like Barbara Streisand.

The story is hilariously related by her cousin Aileen. Satire, humor and good writing make Myrna's book highly readable. As soon as somebody reads it to Joe Levine he will announce that he will make it into a \$15,000,000 film, starring Nick the Greek and Jackie O.

"We're beginning to worry about epidemics," says Dr. John J. Wittey, Center for Disease Control, Department of Health, Education and Welfare.

He, and probably you, have reason to worry. Parents are laboring under the delusion that their children no longer need immunization against polio, measles, diphtheria, pertussis and tetanus. About six million kids between one and four years of age are unprotected from polio, a shocking omission when one recalls the plagues of the days before Drs. Salk and Sabin.

October has been tagged Immunization Action Month, and not a month too soon.

It's hard to arouse much sympathetic understanding for the Hashemite Kingdom of Jordan. But it seems the little king has a legitimate beef when we told him we'd sell him millions of dollars worth of Hawk anti-aircraft missiles provided he never uses them. In that daffy part of the world, that's like giving a kid a toy but making him sign an agreement not to wind it up.

Libraries Conduct Special Programs

COLUMBUS, Ohio (AP) — The Library of Ohio says libraries around the state are conducting bicentennial programs, including debates and workshops.

A Spirit of '76 Caravan, featuring a red, white and blue bookmobile, is traveling about the state for one-day workshops to help librarians plan yearlong reading enrichment programs relating to the bicentennial. Bicentennial youth debates are being coordinated through Toledo Start High School. It will arrange a year-long series of debates at colleges and schools.

Find Pesticides Can Harm Man

COLUMBUS, Ohio (AP) — Initial results of a new screening technique developed at Ohio State University suggest that some common pesticides, widely used in agriculture until recently, can cause genetic damage in man.

Dr. Farid El-Mamoun M. Ahmed said tests he conducted with Dr. Ronald W. Hart on 13 compounds showed the pesticides could produce damages to human cells.

Ahmed used cells from both man and hamsters in his test. He is a 28-year-old native of Cairo, Egypt.

Today In History

By THE ASSOCIATED PRESS

Today is Saturday, Sept. 27, the 270th day of 1975. There are 95 days left in the year.

Today's highlight in history:

On this date in 1964, the Warren Commission issued its report which concluded that Lee Harvey Oswald had acted alone in assassinating President John Kennedy.

On this date—
In 1939, during World War Two, Warsaw, Poland was surrendered to the Germans after 19 days of resistance.

In 1940, also during the Second World War, a pact was signed in Germany setting up the Berlin-Rome-Tokyo Axis.

In 1945, Japan's Emperor Hirohito broke all precedent for Japanese royalty by calling on General Douglas MacArthur at the U.S. Embassy in Tokyo.

Ten years ago: The United Nations Security Council demanded that India and Pakistan honor their commitment to observe a cease-fire in Kashmir.

Five years ago: President Richard Nixon began a European trip with a visit to Italy.

One year ago: Mrs. Gerald Ford was hospitalized to determine whether she was suffering from breast cancer.

Today's birthdays: Republican Senator Charles Percy of Illinois is 56 years old. Film director Arthur Penn is 53.

Thought for today: Freedom of speech does not give a person the right to shout "fire" in a crowded theater — Supreme Court Justice Oliver Wendell Holmes, 1841-1936.

Bicentennial footnote: Two hundred years ago today, the merchants of the English port of Bristol petitioned the Crown to bring about a reconciliation with the American Colonies, in order to ensure normal trade.

See Kleppe Confirmation Certainty

WASHINGTON (AP) — Thomas S. Kleppe, nominated by President Ford to be Interior secretary, emerged from his Senate confirmation hearings essentially unscathed.

The Senate Interior Committee meets again next week on the Kleppe nomination, possibly to take a final vote. It appears unlikely that Kleppe will be recalled as a witness.

"As it stands now, I can't see a single vote on the committee against him," a committee source said Thursday. Kleppe's confirmation by the full Senate also seemed assured.

Kleppe detractors aired their grievances Thursday, but most testimony in two committee sessions this week supported the 56-year-old millionaire and former North Dakota congressman, who now heads the Small Business Administration.

Pennsylvania Community Affairs Secretary William H. Wilcox hit Kleppe's handling of federal disaster loans after tropical storm Agnes, saying the SBA program had been a bureaucratic nightmare and that Kleppe had been "aloof and hostile" toward flood victims.

Fred Wertheimer of the citizen lobby Common Cause said that during Kleppe's tenure "the SBA has been wracked with scandal and investigations have shown the existence of impropriety and inefficiency."

Speaking Of Your Health

by Lester L. Coleman, M.D.

The problems of obesity are not limited to the adult. The child and the adolescent are burdened, too, by the physical, the social and the emotional implications of overweight.

So universal is this problem that we are constantly deluged with books about new crash diets, each claiming a magical solution of obesity, the epidemic disorder of modern civilization.

Yet why do so many of these books and diets fail to achieve their goals?

The reason is clearly given in an important new book by Dr. Alvin N. Eden, Director of Pediatrics at the Wyckoff Heights Hospital in Brooklyn, New York. In it, the problem of obesity is attacked at its very source.

In his book, "Growing Up Thin" (published by David McKay Co.), Dr. Eden emphasizes that the groundwork for obesity originates during infancy and childhood, is perpetuated during adolescence and can become rigidly fixed during adulthood.

With wisdom predicated on many

years of pediatric experience, Dr. Eden axiomatically states, "A thin child almost always grows up to be a thin adult. A fat child almost always grows up to be a fat adult."

In one chapter, "Fatproofing You Child," Dr. Eden says, "A baby's eating patterns are formed in his first six months or a year; they are reinforced and almost solidified by the time he is two. By six or seven his likes and dislikes, appetite and capacity may be set for life unless a determined effort is made to modify them."

Very specific instructions are offered to parents to avoid the pitfalls inherent in the temptation to overfeed their growing children. By skirting these pitfalls the groundwork is laid for better health throughout life.

It is medically well established that the kind and the amount of food that are ingested during childhood and adolescence may determine the future health of the heart, the lungs and the total circulatory system.

Business World

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — The nation's thrift institutions — the savings banks and the savings and loan associations — again are worried that they are losing out in the competitive battle for the consumer's dollar.

Restricted by federal regulation to offering only 5.25 per cent on passbook savings and 7.75 per cent on six-year savings certificates, the thrifts find themselves no match for Uncle Sam's 8-plus per cent.

That's what the Treasury is offering on notes these days, and some of them are in denominations small enough to attract funds that otherwise would repose within the coffers of the thrift institutions.

The big commercial banks, say the thrifts, are in a much better position to survive, enough though the upper limit of interest rates they can offer is one-quarter point lower.

The commercial banks have other sources of income; they aren't dependent, as are the thrifts, on catching consumer savings. They derive funds and income from a broad variety of business services.

Unlike the thrifts, commercial banks aren't undermined when the money of small savers is withdrawn, attracted away by higher interest rates elsewhere. But withdrawals are devastating for the thrifts.

You might think then that the thrifts would find logical and fair the prediction by George McKinney, chief economist of Irving Trust, that federal officials soon will permit higher interest to be offered on consumer savings.

McKinney maintains that the small saver is entitled to a "reasonable" return on his savings. The present restrictions represent an inequality, an inequality that federal officials can quickly correct if they so choose.

McKinney feels certain that this will take place, if only because "things of interest to the nation generally get done." Pressure will be brought, he said. "Maybe Congress will have to act."

Well, the thrift institutions don't think it's a very good idea. They agree that if permitted to offer higher rates on savings they would attract more money. But at what cost?

Said Kenneth Thygeson, economist of the U.S. League of Savings Associations: "I just don't think the S&Ls and mutual savings banks have the earnings capacity to pay substantially higher rates."

Thygeson points out that net income after taxes fell in 1974 to \$1.482 billion from \$1.896 billion a year earlier. "We did a survey, a summary, and found them down even more in the first half of 1975," he said.

The thrifts therefore seem to be caught in a vice. They can't compete unless interest rates drop. And they can't correct the situation by offering higher interest rates either, even if

permitted by regulators.

Meanwhile, they fear disintermediation — a big word that means, simply, a movement of money toward higher rates. In July the savings and loans accumulated \$3 billion in savings; in August, only \$1.2 billion.

Shift To Coal Needed Data Shows

CAMBRIDGE, Mass. (AP) — Unless the government quickly begins to promote the use of coal, the United States will depend on foreign oil and gas for half of its total energy by the turn of the century, a computer projection study shows.

The study, prepared at Dartmouth College, says domestic production of petroleum has reached its peak and that a dramatic shift to coal is the only way to avoid much greater foreign dependence.

The research, based on a computer model of the nation's energy use, was conducted by Roger F. Naill and Dennis L. Meadows of Dartmouth and John Stanley-Miller of the University of Southern California.

The report was published in the current issue of Technology Review at Massachusetts Institute of Technology.

By the year 2050, the nation probably will have shifted to such energy sources as nuclear, solar and geothermal power, the researchers say. But between now and then, the United States will have to get by with its traditional kinds of energy, and its favorites, oil and gas, are running out.

If the government begins now to promote the use of coal, the fuel could account for nearly 80 per cent of the nation's energy by the year 2000, and foreign imports would be almost nonexistent.

If current policies continue, the study says the nation will have to import 50 per cent of its energy by then. Coal will account for 20 per cent, and the rest will come from American oil and nuclear and hydroelectric power.

About 20 per cent of the nation's energy from all sources now comes from imported oil and gas.

"If we want to avoid a huge dependence on imports, it seems to us that coal is the only reasonable alternative," said Naill, the director of the project.

According to British Virgin Islands Chief Minister Willard Wheatley, the 40-plus little islands are content to be a British territory and have no intention of seeking independence.

They'll Do It Every Time

News Of Interest To Women

The Circleville Herald, Saturday September 27, 1975

5

Judge Virginia Weiss Speaker For Circleville BPW Club

BPW PROGRAM—Shown at the Thursday evening meeting of Circleville Business and Professional Women's Club are from the left, Louise Hill, president, Judge Virginia Weiss guest speaker of Newark, and Freda Collins, membership chairman.

Judge Virginia Weiss of Newark was guest speaker for the Thursday evening dinner meeting of Circleville Business and Professional Women's Club at Community United Methodist Church. Another guest, Molly Hamrick, 1975 delegate of BPW to Girls' State at Capital University in Columbus, told of her experience there.

Louise Hill presided over a brief business meeting and Freda Collins, membership chairman, introduced the speaker, Judge Weiss of Licking County Probate and Juvenile Court. Judge Weiss told of experiences with individuals in the courts and related case histories. She expressed concern about television programs and how they influence people, particularly the

young and impressive. The announcement that a film is restricted for viewing makes it that much more interesting for those who should not see it. Most will find some way to see what they should not see and sometimes use what they have learned from the film to the detriment of society.

Judge Weiss, a practicing attorney for 23 years, discussed with members the inadequacies of the welfare system not only in Ohio but across the nation.

Miss JoAnn Brink, accompanied by Pat Strous on the piano, sang several selections including "Climb Every Mountain" and "How Great Thou Art." She concluded by leading club members and their 22 guests in singing "God Bless America."

Marriage Ceremony Performed In Dayton Episcopal Church

St. George's Episcopal Church in Dayton was the setting for the wedding of Miss Susan G. Mathiason and Mr. John P. Measamer. The altar was adorned with vases of red and white carnations.

The Rev. Mr. H. R. Wiechert performed the double ring service 2:30 p.m., Aug. 30, for the daughter of Mr. and Mrs. Ladd J. Mathiason, 6812 Cranford Drive, Centerville, and the son of Mr. and Mrs. Schubert G. Measamer, Bristol Court, Route 5, Circleville.

The bride was attired in a formal length ecru gown trimmed in lace and pearls. She wore a pearl necklace that belonged to her paternal grandmother and carried a bouquet of red sweetheart roses and white pixie carnations.

Bridesmaids were Mrs. Richard Geurts, Green Bay, Wis., and Miss Jan Mathiason, Centerville, sisters of the bride, and Miss Melinda Geurts, Green Bay, Wis., a niece of the bride. They wore formal length gowns of pastel colors and carried a red rose and white carnation with white streamers.

Mr. Schubert Measamer served his

son as best man.

Mrs. Mathiason selected for her daughter's wedding a navy blue, dotted swiss, street length dress. Mrs. Measamer wore a burnt orange and tan patterned street length dress. Corsages for both mothers were of white carnations with red and burnt orange ribbon respectively.

The new Mrs. Measamer graduated from Chillicothe High School and the Ohio State University. She is employed by Circleville City Schools.

Mr. Measamer graduated from Bitburgh High School, Luxembourg, Europe and the Ohio State University. He is a member of the Association of Mechanical Engineers and is employed as a mechanical engineer with Allis-Chalmers.

Out-of-town guests at the wedding were Mr. and Mrs. Richard Geurts and Melinda, Green Bay, Wis.; Miss Jan Mathiason, Madison, Wis.; Mr. and Mrs. D. Bruce Mathiason, Minneapolis, Minn.; Mrs. Alan Gibson, sister of the bridegroom, and David, Madison, N.J.; Mr. and Mrs. J. E. Rigby, Kingsport, Tenn., and Mr. and Mrs. Walker Rigby, Roveville, Mich.

Delta Kappa Gamma Society Told Of Progress Since 1954

Beta Rho Chapter of Delta Kappa Gamma Society met Tuesday evening in the home of Mrs. James B. Scott, 624 Beverly Road. Mrs. Lewis Brevard, Mrs. Judd Dresbach, Mrs. Ray Ridgeway and Mrs. Robert Tacy were hostesses for the carry-in dinner.

Mrs. Robert Scranton conducted the business meeting. She read a letter from Mrs. Esther Strickland, international president of Delta Kappa Gamma. The society will make an early school-room display in the window of Capital Finance during American Education Week in November. The bicentennial committee will be collecting articles from members for the display.

The membership committee gave an interesting report of Beta Rho from its organization in 1954 with eight members to its present membership of 49 educators.

Mrs. Dick Tootle and her committee, Mrs. Joseph Peters, Mrs. James Scott, Mrs. Robert Shaeffer, Mrs. Van Meter Hulse and Mrs. Harry Kern, presented statistics using colorful charts and illustrations. Among facts given were that at least two members taught in a little red schoolhouse, members have in excess of 850 years teaching experience, educational training has been obtained in 31 different colleges and universities, members have taught in 41 Ohio towns, cities and communities, in six other states and one other country.

Mrs. James B. Scott wrote and directed a short play titled "School Daze" depicting a classroom teacher and her problems on the first day of school. Members participating in the

skit were Miss Betty Melton, Miss Amy Miga, Mrs. Lawrence Miga, Mrs. Donald Price, Mrs. Wayne Evans, Mrs. Richard Wylie, Mrs. Ethel Grooms, Mrs. Richard Koch, Mrs. Loren Neff, Mrs. James Hartley, Mrs. Lloyd Gallagher, Miss Patricia Strous and Mrs. Van Meter Hulse.

Other members present were Mrs. O'Dell Baker, Mrs. Arthur Beatty, Mrs. Lois Brobst, Mrs. David Case, Mrs. George McGhee, Mrs. E. E. Porter, Mrs. Claude Sayre, Mrs. James G. Scott, Miss Ann Short, Mrs. Earl Smith and Miss Helen Mettler.

The next meeting date has been changed to Oct. 22 in the home of Mrs. Fred Engle, Route 1, Stoutsville.

Joseph Zangara, anarchist, shot at President-elect Franklin D. Roosevelt, Feb. 15, 1933, but a woman seized his arm and the bullet fatally wounded Mayor Anton Cermak of Chicago. Zangara was executed on March 20, 1933.

Kathleen Uland, Mark McFadden Become Engaged

KATHLEEN ANN ULAND

Mr. and Mrs. Franklin J. Uland, 592 Oakland Terrace, announce the engagement of their daughter, Kathleen Ann, to Mark Edward McFadden, the son of Mr. and Mrs. Larry E. McFadden, 569 Hickory Place.

Miss Uland is a sophomore in the school of home economics at Ohio State University where she is a member of Pi Beta Phi Sorority.

Her fiance is currently enrolled in the school of business administration at Ohio University, Lancaster. He is employed at Pickaway Country Club.

By CECILY BROWNSTONE
AP Food Editor

SUNDAY BUFFET

Antipasto, lasagne, green salad, Italian bread, bread sticks, lemon ice, Anise cookies.

Antipasto

A particularly attractive platter. Thinly sliced Genoa salami. Marinated artichoke hearts. Olives, ripe or green. Radishes. Roasted red peppers. Anchovies.

Arrange the salami in the center of a serving plate; encircle with the artichoke hearts, olives and radishes. At two opposite ends arrange the peppers and top them with the anchovies.

FAMILY DINNER

Baked Fish, Baked Potatoes, Green Peas, Cole Slaw, Ice Cream with Chocolate Sauce.

Chocolate Sauce

You can serve it hot or cold. 1 cup instant cocoa mix ½ cup heavy cream 3 tablespoons light corn syrup

In a 1-quart saucepan, stirring constantly, gently heat together all the ingredients just to boiling. Serve hot (sauce will be thin) or chilled (sauce will be thick). Makes about 1 cup.

Baby Shower Held In Darst Home

A baby shower honoring Mrs. Steven (Bonnie) Francis was held recently at the home of Mrs. Shirley Darst, Kingston Pike. Assisting the hostess were her daughters, Shauna Rene and Teresa Lynn.

Games were played with prizes awarded to Mrs. Barbara Sorrells, Mrs. Jean Weaver and Mrs. Bonnie Hendrickson.

Refreshments were served to Mrs. Ruth Francis, Mrs. Ann Wright, Mrs. Belle Sowers, Miss Twana Sowers, Mrs. Michel Winde and Tammy, Mrs. Mary Eckard, Mrs. Marsha Sigler, Mrs. Elaine Darst and Jared, Mrs. Maxine Kegg and Mrs. Denise Kegg. Gifts were sent by Mrs. Jenny Smith, Mrs. Betty Gentzel, Mrs. Betty Locke, Mrs. Emma Curlett, Mrs. Sue Ward and Mrs. Mary Helwagen.

Following the shower slides were shown of Egypt, the Nile River and other foreign sights seen recently by Mr. and Mrs. Paul Weaver of Florida.

AAUW Study Group To Meet Tuesday

International Relations Study Group of Circleville American Association of University Women will meet 8 p.m. Tuesday in the home of Mrs. Nick Grubisha, 114 Hayes Court.

Mrs. David Dawson, speaker for the evening, will use as her topic "Experiment In International Living." A student from Venezuela left for Ohio University recently after spending a month in the Dawson home.

Garden Is Setting For Rites Uniting Couple In Marriage

MR. AND MRS. ROBIN NEAL HALLEY

Miss Linda Sue Myers became the bride of Mr. Robin Neal Halley in a double ring ceremony performed by the Rev. Liston Halley Jr., father of the bridegroom, assisted by the Rev. Doyle Wiggins.

The wedding took place 7:30 p.m., Aug. 30, in the garden at the home of the bride's parents, Mr. and Mrs. Donald E. Myers, Route 1. The bridegroom's parents are the Rev. and Mrs. Liston Halley Jr., 1040 Lynwood Ave. A large arrangement of assorted colored roses from the Myers' garden graced the piano.

Mr. Ralph Hughes, pianist, played several selections and accompanied himself as he sang "Oh Promise Me," "Dedication," "God Given Love" and "The Lord's Prayer."

The bride was given in marriage by her father and mother. She was attired in a floor length gown of chantilly lace over candlelight satin featuring a high neckline and long lace sleeves. The bride's chapel length veil was edged with matching lace and worn as a mantilla. She carried a cascade bouquet of pink and white roses, baby's breath, ivy, sprengeri and white lace ribbon.

Miss Cindy Myers served her sister as maid of honor in a floor length powder blue gown of quiana. She carried a cascade arrangement of pink miniature carnations and white crystal pompons, baby's breath and sprengeri.

The flowers for the wedding were arranged by Mrs. Joseph Streitenberger as a gift to her sister on her wedding day.

Rhonda and Charlotte Stepp were flower girls and assisted the bride by carrying her train. The little Misses were gownned alike in pink and blue batiste.

Mr. Rolland Halley performed the duties of best man for his brother. Ushers included Mr. Randy Halley and Mr. Roger Halley, brothers of the bridegroom, and Mr. Jamie Jones.

The bride's mother wore an aqua blue floor length polyester gown in the

Garden Club To Meet In Lemming Home

"Houseplants - How To Make Them Behave" will be the program topic, presented by Marie Gibson for the 2 p.m. Thursday meeting of Deercreek Garden Club at the home of Della Lemming in Williamsport.

LPN's Hold Session

Licensed Practical Nurses Association met recently in the home of Ethel McFarland, Route 3, with 10 members and three guests present.

A get well card was signed to be sent to Helen Smith. Refreshments were served by Ethel McFarland and Joan Savage.

The next meeting will be at the home of Joan Bowman, Route 4, on Oct. 20.

Calendar

MONDAY

Ashville Junior Women's Club 7:30 p.m. at Zion United Methodist Church.

TUESDAY

Bible Study Group of Trinity Lutheran Church 7:30 p.m. in church parlor.

AAUW International Relations Study Group 8 p.m. in home of Mrs. Nick Grubisha, 114 Hayes Court.

WEDNESDAY

Ruth Circle of Trinity Lutheran Church 2 p.m. in church parlor.

Mary Circle of Trinity Lutheran Church 7:30 p.m. in church parlor.

THURSDAY

Ashville Women's Civic Club 8 p.m. at First English Lutheran Church.

Deercreek Garden Club 2 p.m. in home of Della Lemming, Williamsport.

Garden Club Meets In Lundberg Home

Gardenwood Club met recently in the home of Mrs. Ronald Lundberg, 339 Meadow Lane. Co-hostesses were Mrs. Marcus Lackey and Mrs. Paul Berrigan. Mrs. Howard Judd was a guest for the evening.

Mrs. Ronald Spence presided over the business session and Mrs. Thomas Downing read excerpts from "The Prophet."

The title of the program by Mrs. Richard Fisher was "What Does Your Garden Club Offer You?" She spoke of what is available as members of the Ohio Association of Garden Clubs. Mrs. David Buckel showed a sampling of books on gardening at the Pickaway County Public Library.

Mrs. Ronald Spence demonstrated several types of containers to be used in flower arranging and acquainted members with the basic tools needed.

Strong Start Aids Circleville Win

Circleville, playing its strongest first quarter to date, scored on three straight opening period series to swamp the Madison Plains Eagles 33-0 Friday.

The Tigers marched eight plays following the opening kick for the first score, four plays for the second, and five plays for the third.

And, after a fumble sandwiched between two Madison Plains' tries in the second period, the Tigers hit paydirt again, this time using eight plays.

The first period statistics show the Tiger domination, as Circleville collected 189 of its game total 299 yards in the quarter. Circleville's defense limited the Eagles to minus six yards on the ground in four minutes of playing with the ball.

Circleville's All-State candidate Biff Bumgarner did most of the offensive damage, rambling for 196 yards in 20 carries and scoring three touchdowns. Biff amassed 148 yards midway

through the second period, carrying the ball only six times in the last half of action. In the first period, he scored on a 56-yard run from scrimmage set up by a great fake by quarterback Brent Mancini and fine effort by Bumgarner himself.

He powered over the right side for a six yard score in the second quarter, and hit paydirt again in the final period on a four-yard burst up the middle.

Tiger fullback Bill Mogan cracked in for a five-yard score in the first period, and Mearle Logan bulled in from the nine with the other touchdown.

Three of Mogan's extra point kicks were converted.

Mogan had a fine night on offense as well, churning for 62 yards in 11 carries.

Mancini, the Tiger signal caller, directed a fine attack for Coach Larry Cook before being sidelined with 5:12 left in the third period.

The senior co-captain suffered a

minor knee injury when he saved a touchdown, banging into an Eagle running back from his defensive safety post.

Cir	20	7

Circleville alternated Brian Fath, Brad Allison, and Jeff Haist at the quarterback position for the remainder of the game.

The Tigers wasted little time in scoring.

Following the kickoff, Bumgarner rushed for gains of five and 11 yards on successive plays before Mogan powered 10 yards to the MP 20.

Bumgarner moved the ball to the five in three straight carries before Mogan followed blocking on the right side for the initial points of the game with 8:32 remaining in the opening period.

The Circleville defense held well on

TURNS THE CORNER—Biff Bumgarner (48) turns the corner against Madison Plains for a 12-yard pickup that was wiped out by a clipping call. On good runs, Biff accumulated

196 yards in 20 carries. Tiger blockers are Tom McGuire (80), Brent Mancini (15), Tim Hartinger (65), and Bill Mogan (37).

the first Eagle possession as Bumgarner burst through to nail quarterback Roger Mason for a six-yard loss on the MP 18 that set up a punt which carried to the Eagle 42.

From there it took five plays for Logan to crash in from the nine for the second score.

That TD was set-up by a 36-yard Bumgarner scamper around the right side.

Again the Eagles were unable to move the ball in four plays, and Circleville got the ball, this time on its 35.

A 15-yard run by Mogan moved the ball to midfield, and the Tigers marched to the Eagle 30 before a clipping penalty gave them possession on their 46.

Mancini faked a quick pass to the flat on the next play and fed the ball to Biff, who cut to the right and broke a tackle enroute to the 56-yard score with 21 seconds left in the period.

The Madison Plains offense showed a brief flicker of life in the second period, as they recorded a first down by moving the ball to the Tiger 42. But the defense held, and the Tigers took over on downs.

However, Frank Merrill lost control of the ball on a double reverse, and Mason recovered for the Eagles.

But MP could only move to the Tiger 38, where they relinquished control, again on downs.

This time, a Mancini to Mearle Logan aerial of 32 yards set up Bumgarner's six yard scoring burst which forged a 27-0 halftime edge.

The Eagles took the second half kick and used 11 plays, aided by a costly Tiger penalty, to move the ball from its 24 to the Circleville 40 before losing on downs again.

Two clipping penalties set Circleville back to the 12-yard line, and the Tigers

STICKY DEFENSE—An unidentified Madison Plains ball carrier is swarmed under by Circleville's John Payne (44) and Biff Bumgarner (48) as Tim Hartinger (65) moves in to give some help. The defense limited the Eagles to five rushing first downs and a yardage total of 89.

fumbled on the nine.

Mancini stopped Don Richardson at second-ranked Class AA team in the state according to an Associated Press poll of sportswriters and broadcasters, will open defense of its South Central Ohio League title Friday when it hosts on a fourth down play inside the three.

Circleville marched to midfield under the leadership of Fath before the drive stalled as the fourth period began.

A Mogan punt carried to the MP 17, and on the first scrimmage play, Mason bobbled the ball and John Payne recovered for Circleville.

Bumgarner needed two plays to crash in with the score on a four-yard run.

Circleville, 4-0 on the year and the second-ranked Class AA team in the state according to an Associated Press poll of sportswriters and broadcasters, will open defense of its South Central Ohio League title Friday when it hosts on a fourth down play inside the three. Greenfield. The Tigers will be looking to avenge a 6-0 loss to Greenfield last season. It was the only league set-back for Coach Cook's Tigers, and probably cost them a play-off berth under the computer rating system. In other games involving SCOL schools Friday, Wilmington stunned Greenfield 12-7, Miami Trace pounded Union 34-14, and Washington C.H. blanked Hillsboro 32-0.

Bosox Turn Back Tribe, 4-0, 4-0

By FRANK BROWN
AP Sports Writer

Boston Manager Darrell Johnson was smiling from the top of his red cap to the tips of his Red Sox.

Pressure? What pressure? "I

haven't felt any and I don't think any of the players have, either," Johnson said Friday night after Boston swept a two-night doubleheader from Cleveland by 4-0 scores and cruised closer to an American League East Division

crown.

"The pressure's on Baltimore," added outfielder Dwight Evans. "The magic number is two and we're in the driver's seat."

Well then, the Red Sox better get some maps for the roads to Oakland and the American League playoffs. Right, Darrell?

Not just yet.

"We're going to go out there and try and win two more from Cleveland," said Johnson. "Then we can start thinking about Oakland and the playoffs. We can't think about Baltimore losing."

Baltimore hasn't even been able to play since Wednesday. Rain continued to cloud their title hopes Friday by wiping out a scheduled two-nighter with the New York Yankees. Any combination of Boston victories and Baltimore losses adding to two will decide baseball's last pennant race.

Meanwhile, the other AL clubs came a day closer to autumn and vacation. Milwaukee blanked Detroit 3-0, Kansas City clubbed Texas 8-6, Minnesota trimmed Chicago 2-1 and Oakland beat California 4-2.

Brewers 3, Tigers 0

George Scott drove in three runs with two homers—taking the AL lead in HRs with 36 and RBI's with 107—in backing Pete Broberg's six-hitter for Milwaukee.

The RBI's tied the club record Scott set in 1973. He has 13 hits in his last 30 times at bat, including six homers and 13 RBI's.

Twins 2, White Sox 1

Larry Hise's tie-breaking single in the sixth inning scored Steve Brye and lifted Minnesota over Chicago.

The White Sox got a run in the fourth inning but Jerry Terrell's first home run of the season led off the bottom of the fourth and tied it for Minnesota.

A's 4, Angels 2

Billy Williams singled home a first-inning run and doubled to open a two-run fourth, helping Oakland beat California Angels.

Tommy Harper gave the AL West champs an insurance run with an eighth-inning homer.

Royals 8, Rangers 6

Jamie Quirk drove in three runs, two in a four-run second, to help Kansas City top Texas.

6 Golfers Share Lead In Sahara

LAS VEGAS, Nev. (AP) — Dave Hill has had an off year.

The colorful, outspoken, stormy guy, sometimes the bad boy of the pro golf tour, has failed to win. He's collected only \$53,000 in winnings, well below his usual amount.

The golf perfectionist has described his game as "so bad it's embarrassing," his putting stroke as "atrocious."

But he hasn't made a bogey in 36 holes, has used only 58 putts in two rounds and suddenly has a share of the lead in the six-man scramble for first place in the \$135,000 Sahara Invitational Golf Tournament.

"I haven't hit but about four really good shots all week. The rest have been mostly kind of mediocre," Hill said Friday after his second round 66 had put him at 134, eight under par for two trips over the Sahara Nevada Country Club course, a 6,800-yard layout whose perfect condition and the ideal weather have contributed to some of the lowest scoring of the year.

And that low scoring has produced the tour's closest race of the season. Halfway through this late-season affair, Hill shared the lead with Miller Barber, Bob Wynn, Wally Armstrong, Rik Massengale and Bobby Mitchell.

Seventeen major college coaches are new on the job this season. Nine are in their first campaign as a head coach.

Westfall Undefeated; Beats Adena, 20-13

John Long scored three touchdowns, gained 206 yards from scrimmage and returned two kickoffs 123 yards to pace Westfall to a 20-13 win over Scioto Valley Conference foe Adena.

The win is the fourth for Westfall in as many starts and the first in the conference. Next week the Mustangs step out of the league for the last time, hosting Miller.

Long broke the game open on the opening kickoff, returning it 86 yards

for a touchdown. But the visiting Warriors scored with equal quickness when Tim Ragland scored on the first play from scrimmage after the Westfall kickoff, running 60 yards. Peterson booted the extra point for the visitors giving them a 7-6 lead.

In the second quarter Long raced 46 yards for a score and the Mustangs led 12-7.

Westfall coach John Glanton felt the key to the win came with just 17 seconds to go in the half when Adena drove to the Westfall one, but in two tries from there couldn't get into the end zone.

In the second half, Adena returned the kickoff to the 20 and on the first play from scrimmage Phil Ragland raced 80 yards for a touchdown and a 13-12 lead for the Warriors.

But Long put Westfall back ahead when he scored on a 83 yard sweep. Rick Stillings passed to Bill Evans for the two-point conversion and a 20-12 lead for Westfall.

Adena	7	0

Adena never threatened after that as the Westfall defense turned in an outstanding effort.

Mike Weidinger, defensive end who broke a bone in his foot against Madison Plains, was back in uniform for Friday's game. It was the first time he has been in uniform since his injury, getting permission from the family physician only Friday afternoon to suit up for the game.

He made 17 tackles Friday and was instrumental in dumping Adena runners for 22 yards in losses when they ran to his side of the field.

Long made 16 tackles, Eric Schleich 14, Tim Lett and Randy Hildenbrand 11, Darren Metzger, Dave Rowland, Eddie Myers, and Randy Adams 10 each.

Stillings, who played with a broken thumb, did not see action on defense. He, like Weidinger, received permission only Friday to play in the game.

Westfall intercepted Adena passing three times. The pass pilferers were Schleich, Adams and Bill Evans. Schleich also recovered an Adena fumble.

For the visiting Adena squad, Tim Ragland gained 89 yards and Phil Ragland 87 yards.

Truf Truf Winner Of Latonia Feature

FLORENCE, Ky. (AP)—Truf Truf romped to an easy five-length victory in the \$4,000 featured eighth race at Latonia Friday night and paid \$3.80, \$3 and \$2.40.

Call Me Happy placed, \$4.40 and \$3.20 and Baby Suz, third, \$3.80.

The 1-2 combination of Prove It To Jim and Nagrom Man returned \$156.80 and the crowd of 5,591 bet \$501,355.

Reds Win 106th

By KEN RAPPOPORT
AP Sports Writer

The Big Red Machine hasn't slowed down a bit since winning the National League West. In fact, it's picking up speed in the home stretch.

The division championship clinched some time ago, the "Machine" went after the record books Friday night—and roared past the San Francisco Giants in the process.

"I have to be amazed," said Cincinnati Manager Sparky Anderson after watching his team bury the Atlanta Braves 12-5.

The victory was No. 106 for the West champions, and 62 of those have come at home for a new National League record. The former modern mark of 61 was held by the 1962 Giants.

Dodgers 3, Astros 2

Steve Garvey's two-run homer in the ninth—only the second hit of the game off J.R. Richard—pulled Los Angeles to a dramatic victory over Houston. Just minutes before, the Astros had taken a 2-1 lead in the top of the ninth on Cliff Johnson's two-run homer off Burt Hooton, 18-9. It was one of only five hits off Hooton as he won his 12th straight game, a Dodger record.

Giants 5, Padres 0

San Francisco right-hander John Montefusco pitched a fivehitter and Willie Montanez and Bruce Miller hit RBI singles in the fourth inning, carrying the Giants over San Diego. Montefusco, who entered the game with 211 strikeouts, fanned only two, but his total remained the highest for a rookie since Grover Cleveland Alexander struck out 227 in 1911. Montefusco, 159, walked one and permitted only one runner to advance as far as third base.

Cardinals 1, Pirates 0

Bob Forsch pitched a threehitter and Lou Brock scored from first base on a single, lifting St. Louis over Pittsburgh. Forsch, 15-10, permitted only singles by Rennie Stennett in the first inning, Willie Stargell in the seventh and Manny Sanguillen in the eighth. In between, Forsch retired 18 straight Pirates in a string interrupted by a one-out walk preceding Stargell's hit.

Expos 3, Cubs 2

Mike Jorgensen slugged a game-tying home run in the eighth inning, then stroked a tie-breaking single in the 12th to give Montreal its victory over Chicago. Pepe Mangual's walk and Tim Lincecum's single preceded Jorgensen's single to right off Darold Knowles, 6-9.

Phillies 4-2, Mets 3-3

Garry Maddox singled home a run in the 12th inning, leading Philadelphia past New York in their first game. Felix Millan's double with two out in the 12th inning led to two runs as the Mets won the second game.

Sooners Just Edge Miami, 20-17

MIAMI (AP) — Oklahoma's unbeaten football string now stands at 32 games, but the topranked Sooners proved themselves mere mortals in nipping a gutsy, heavy underdog University of Miami team 20-17.

"With this game, we don't deserve to be ranked No. 1," Sooner Coach Barry Switzer admitted after Friday night's game. "But no No. 1 team ever went through a season and played every game at top capabilities."

Oklahoma's wishbone attack had appeared unstoppable in averaging 461 yards rushing while routing Oregon 62-7 and Pittsburgh 46-10.

But the young Miami team, which couldn't stop Georgia Tech's wishbone in a 38-23 loss last week, held the Sooners to 176 yards while amassing 289 itself.

"We were damn lucky to win," said Switzer, given the winner's role only through a blocked Miami punt and fumble recovery. "Miami was as good or even better than us."

"I think at moments that we were greater than Oklahoma tonight," said Miami Coach Carl Selmer. "Those two big errors really took it out of us. We're a young team...we are going to make mistakes."

Oklahoma got all its points in the second period after Miami sped 74 yards on its first series for a 7-0 lead on Larry Cain's 19-yard run.

Three other members of The Associated Press Top Twenty will be in action tonight—Texas Tech at sixth-ranked Texas, Brigham Young at No. 13 Arizona State and No. 19 Florida at Mississippi State.

In afternoon games, second-ranked Ohio State entertains North Carolina, third-ranked Southern California hosts Purdue, Texas Christian is at No. 4 Nebraska, Wisconsin at No. 5 Missouri, Northwestern at No. 7 Notre Dame, Illinois at No. 8 Texas A&M, Baylor at No. 9 Michigan and No. 10 UCLA at Air Force.

Elsewhere in the Second Ten, No. 11 Alabama is at Vanderbilt, No. 12 Penn State at Iowa, Boston College at No. 14 West Virginia, No. 15 Arizona at Wyoming, Auburn at No. 16 Tennessee, North Texas State at No. 17 Oklahoma State, San Jose State at No. 18 Stanford

New Offense Sparks Braves To 40-6 Win Over Falcons

GOAL LINE IN SIGHT—Jeff Reichelderfer, with his teammates leading the way, rounds end and heads for the goal. This was his first TD run, a 32 yard jaunt. Two unidentified

Logan Elm High School football coach Perry Griffith junked the wishbone T, switched Jeff Reichelderfer from quarterback to a running back, installed Bob Sargent at the signal call position and saw his revamped lineup ramble to a 40-6 victory over visiting Mid State League foe Fairfield Union.

Next to the coach, the most pleased person with the switch had to be Reichelderfer, who gained what many LE football followers believe to be a single game rushing record of 288 yards, scored four touchdowns and two two-point conversions.

It was a completely different looking team than the one that was blanked by Amanda-Clearcreek a week ago although the personnel was basically the same except for the backfield switch.

The blocking was blowing big holes in the Falcons forward wall and the backs were running hard. Reichelderfer was the workhorse in the backfield, carrying the ball 29 times, but the other backs looked sharp.

Steve Rawlins gained 81 yards from his fullback position and Tim Justus carried eight times and gained 36 yards, counting his three successful two-point conversion attempts. Justus scored a touchdown for the Braves on a 7-yard jaunt.

It took the Braves a quarter to get their new offense in high gear. They received the opening kickoff of the game and starting on their own 16 moved out to the 34 where they ran out of downs and were forced to punt.

The Fairfield Union moved from their 43 to the Logan Elm 14 before running out of gas.

Taking over on the 14, the Braves fashioned an 86-yard touchdown march with Reichelderfer and Rawlins doing the bulk of the ball carrying. With 10:46 to go until halftime, Reichelderfer broke through the line of scrimmage at the 32 and ran for the touchdown. Justus scored the conversion.

The Falcons couldn't do anything following the kickoff after the TD and were forced to punt. A good return by Jerry Scanlan gave the Braves excellent field position at the Falcon 46 and eight plays later Reichelderfer ramblled into the end zone again, this time from five yards out. Reichelderfer carried for the conversion and with 5:49 to go to halftime the Braves led, 16-0.

The score remained that way until halftime.

Logan Elm	0 16 8 16 40	
Fairfield Union	0 0 0 0 6	6

After holding the Falcons on the opening series of the second half and forcing a punt, the Braves scored with lightning quickness. Reichelderfer carried for seven yards from his 15 to the 22 on the first play following the punt and then went 78 yards on the second, breaking through the middle, cutting for the left sidelines and out-distancing the entire Fairfield Union football team. Justus again ran for the conversion and with 7:28 on the clock, the Braves held a 24-0 lead.

The Braves next touchdown was set up by a fumble recovery by Pat Williams at the Logan Elm 35-yard line late in the third period. On the second play of the fourth quarter Reichelderfer went 54 yards for a touchdown and Justus scored the conversion to give LE a 32-0 lead.

A fumble by the Falcons on their first play from scrimmage following the kickoff was recovered by Jerry Scanlan at the Falcons' 36 and set up

Logan Elm blockers take a Fairfield Union player out of action while Steve Rawlins (44) moves into position to intercept other would-be tacklers.

NEW SIGNAL CALLER—Bob Sargent (13) replaced Jeff Reichelderfer at quarterback for Logan Elm Friday, as coach Perry Griffith made some switches in the backfield. His deft ball handling kept the Fairfield Union Falcons guessing as the Braves swept to a convincing 40-6 victory.

the final Logan Elm touchdown. Justus carried the ball three successive times, for runs of 26 yards, 10 yards and seven yards, scoring the last time with 9:52 to go in the game. Reichelderfer scored the final conversion.

The Falcons' only score came with 41 seconds to go. Quarterback Jerry Marcum went to the air on a 64-yard drive, completing seven of 11 passes in the drive, including an 18-yard TD aerial to David Stephenson.

Fairfield Union was much more successful in the air than on the ground. For the game Marcum completed 14 of 24 attempts for 148 yards and had two intercepted. The

interceptions were both by Rawlins.

On the ground the Falcons gained only 47 yards, compared to 444 for Logan Elm. Jim Hines was the leading groundgainer with 35 yards for the visitors and Dale Barnhart the leading receiver catching five for 60 yards.

Logan Elm is now 2-2 overall and 2-1 in the Mid State League. Next Friday they travel to Liberty Union. Elsewhere around the Mid State Friday night, Pickerington defeated Fisher Catholic 22-6, Canal Winchester bombed Berne Union 56-0, Amanda Clearcreek downed Liberty Union 27-0 and Bloom Carroll squeezed by Millersport, 20-12.

Here's How Top Grid Teams Fared

COLUMBUS, Ohio (AP) — How the top rated teams in The Associated Press Ohio high school football poll fared in Friday night action:

- Class AAA
1. Cincinnati Moeller, 4-0-0, beat Cincinnati LaSalle 10-7.
 2. Warren Western Reserve, 3-0-0, plays at Lakewood St. Edward Saturday night.
 3. Warren Harding, 4-0-0, beat Steubenville 20-0.
 4. Lancaster, 3-1-0, lost to Newark 17-7.
 5. Newark, 4-0-0, beat Lancaster 17-7.
 6. Zanesville, 4-0-0, beat Grove City 26-6.
 7. East Liverpool, 3-0-0, plays Steubenville Catholic Saturday night.
 8. Upper Arlington, 3-1-0, beat Chillicothe 61-14.
 9. Kettering Alter, 3-0-0, plays Hamilton Garfield Saturday night.
 10. Youngstown Mooney, 2-1-0, plays Youngstown Boardman Saturday night.

- Class AA
1. Akron St. Vincent-St. Mary, 3-0-0, plays at Lorain Southview Saturday night.
 2. Circleville, 4-0-0, beat Mt. Sterling Plains 33-0.
 3. Wheelersburg, 4-0-0, beat Lucasville Valley 57-0.
 4. New Lexington, 4-0-0, beat Dresden Tri-Valley 55-0.
 5. Beloit West Branch, 3-1-0, lost to Girard 12-7.
 6. Minerva, 3-1-0, lost to Canal Fulton Northwest 44-37.
 7. Toronto, 3-0-1, was tied by East Palestine 0-0.
 8. Ironton, 4-0-0, beat Wellston 12-6.
 9. Wellston, 3-1-0, lost to Ironton 12-6.
 10. Cleveland Holy Name, 2-0-0, plays at Cleveland Rhodes Saturday night.

Aces Blank Lions, 27-0

Amanda-Clearcreek rolled to its third win in four starts and its second in three Mid State League games with a 27-0 decision over Liberty Union.

Mark Marshall scored two touchdowns for the Aces Tom Hinton one and Jim Smith one. Conversions were a run by Smith and a kick by Don Carter.

Liberty Union	0 0 0 0 0	0

Marshall scored the first TD of the game on a 26 yard run with 7 minutes to go in the first quarter. Smith's conversion came after the TD. His second touchdown was set up when Tom Bates broke through the Liberty Union line to block a punt at the 10. Marshall ran in from the eight for the score. The try for the extra points failed.

In the third period Tom Hinton ran five yards. In the fourth fullback Rick Foster ran 47 yards to the 10, setting up Smith's score on an end-around play. Carter's kick was good.

Foster was the leading ground gainer for the Aces picking up 149 yards in 13 carries. Bates blocked two punts and also batted down two passes, Keith Kelly played an outstanding game at line backer and Hinton was the leading tackler on the team with 10.

Next Saturday Amanda-Clearcreek plays at Fisher Catholic.

Vikings Taste Victory In 18-0 Metro League Tilt

Playing super defense and getting an outstanding offensive effort, the Teays Valley Vikings gained their initial win of the season, an 18-0 shutout over previously undefeated Olentangy High School in Metropolitan League action Friday at the loser's field.

The Vikings scored in the first period on a 6-yard pass reception by Lance Windon. They came back in the second period with another score, this one coming on a 4-yard run by Brad Stuthard.

In the fourth period, Craig Ramey

Vikings had 13 first downs. The Viking defense held Olentangy to a scant 35 yards on the ground. None of the eight Olentangy passes were completed. Olentangy had three first downs.

Teays Valley fumbled five times in the game, losing two, while the hosts fumbled once and lost it.

Chris Time Picks Wins Lebanon Feature Race

LEBANON, Ohio (AP)—Favored Chris Time Pick coasted to an easy four length victory in the \$12,190 Ohio Sires Stakes pace mile at Lebanon Raceway in 2:05.3-5.

The victory assured the two-year-old a place in the finals Oct. 9 at Northfield Park.

The winner returned \$3.60, \$2.60 and \$2.20. Baron Joseph placed, \$3 and \$3.20 and Shiela's Bye Bye was the show horse, \$5.20.

Famous Dream and Hi Sadie, 2-5 in the daily double, returned \$20.40. Attendance was 1,886 and the mutuel pool totaled \$163,810.

In Memoriam

In loving memory of Edgar W. Miller
On this his birthday September 27th
There is a sad but sweet remembrance.
There is a memory fond and true
There is a token of affection son.
And a heart ache still for you.
Sadly missed by:
Mom
Etta Miller

By FRANCIS DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FORSUNDAY

ARIES (Mar. 21 to Apr. 20): Do not hesitate to ask questions. There could be some surprising answers otherwise unavailable. Evaluate carefully; take nothing as positive without due research.

TAURUS (Apr. 21 to May 21): Avoid present tendencies toward self-deception. Take off the rose-colored glasses and see persons and situations as they really are.

GEMINI (May 22 to June 21): Mercury extremely generous. Especially favored: all those in the writing and journalistic fields; advertising and promotional interests; communications of every type.

CANCER (June 22 to July 23): Mixed influences. Some fine advantages possible, but it will be important to watch the budget and not over-commit yourself to future expenditures.

LEO (July 24 to Aug. 23): Avoid cynics and pessimists. Review past test periods: They held the same challenges, and more. Past procedures may be the key to this day's action.

VIRGO (Aug. 24 to Sept. 23): If the suggestions of others are not feasible, or your "sixth sense" warns against them, by all means follow your intuition.

LIBRA (Sept. 24 to Oct. 23): Friends and associates are working for you in the background, and you should soon profit from some efforts you have long since forgotten.

SCORPIO (Oct. 24 to Nov. 22): Wright potential actions and their likely results before beginning them. You may want to make some changes. Handle delicate matters delicately.

SAGITTARIUS (Nov. 23 to Dec. 21): Day should prove stimulating in many ways, many areas. One of your more casual interests will now take on added importance.

CAPRICORN (Dec. 22 to Jan. 20): Some situations highly mystifying. Try to get some background information that will help you clarify matters.

AQUARIUS (Jan. 21 to Feb. 19): Your personal interests should fare well now. And you may receive some unexpected aid from an influential person.

PISCES (Feb. 20 to Mar. 20): Be careful of details,

dispel doubts and a trend toward misunderstandings. You can avoid possible friction if you are on your toes, thinking ahead every step of the way.

YOUR BORN TODAY, as a Libran, are noted for your artistry, culture, refinement and, above all, dignity, reserve and a fine sense of balance, poise. You sometimes lose confidence in yourself and require a "pat on the back" from family or associates to tell you that you are doing well. Overcome this need for, when you develop your many talents and use them daily, you will accomplish excellently and reach the lofty goals you set for yourself. Librans revel in creative and intellectual pursuits and make highly competent musicians, dramatists, critics, jurists and entertainers. Birthdate of: Georges Clemenceau, Fr. statesman; Ed Sullivan, newspaper columnist, TV entertainer.

Congress Eyes NFL Impasse

By ALEX SACHARE AP Sports Writer

A Congressional subcommittee, hoping to coax both sides in the National Football League's labor dispute "to be a bit more statesmanlike," will hold hearings next week in an effort to end the series of negotiations, impasses, threats and strikes which has lasted 20 months.

Rep. Frank Thompson Jr. of New Jersey, ranking Democrat on the House Education and Labor Committee and chairman of its labor-management relations subcommittee, said the sessions, to begin Monday, would be part of the panel's oversight of the National Labor Relations Act and the National Labor Relations Board.

"We want to find out if there has been, by either the players or the owners, any unfair labor practices that are violations of the law," Thompson said.

Then he added another aim: "I think it can be reasonably said that evidence of Congressional interest, even an objective interest, might well cause both sides to be a bit more statesmanlike—if that is the phrase—to get together and arrive at a contract."

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
